# Re-Imagining Revisited: From Past to Future

**April 17 to 19, 2009**

**St. Luke Presbyterian, Minnetonka, Minnesota**

In 1993, the Re-Imagining Conference, a global theological colloquium held in Minneapolis, set free new ways of imagining the Divine and community. The Conference drew 2,200 scholars, church leaders and others from around the world in search of justice and reconciliation. Join us as we revisit that time and consider how theologies have changed and developed in the years since. It is an opportunity for reunion, reflection, re-membering and re-commitment to creative Re-Imagining.
